

MINUTES OF THE REGULAR BUSINESS MEETING OF THE MRAC HELD
ON NOVEMBER 13, 1941.

Due to the lateness of Pres. Kircher and the absence of Vice Pres. Doyle the meeting was called to order by Secy., Burrows at 8:15 PM.

The rollcall revealed 47 present of whom 30 were members. The minutes of the previous meeting were approved as read.

Ruger reporting on the results so far on the Sweepstakes Contest took a tally of points and found that our Club had made about 300,000 points to date.

Zander reporting on the Hobby Show and our particular entry stressed the importance of successful participation in the affair to amateur radio in general and to the MRAC in particular.

Ciganek passed out mimeographed sheets showing a very workable system of interchangeable plug arrangements adaptable to receivers and transmitters. He then stepped to the black board and explained the details of these interchangeable systems in a very interesting fashion.

Mr. Wesley Kohn of Milwaukee a visitor was introduced to the membership by Secy., Burrows and he spoke a few words.

Ruger made the very worthwhile suggestion that our worthy Code Instructors be allowed a clear field for his code instruction class and that the membership refrain from collecting around the big table between 7 and 8 PM.

Pres. Kircher arrived at this time and the Secy., relinquished the chair to him.

Kircher reviewed the Hobby Show and read the assignments of operators and equipment for that event.

Three new members were inquisitioned by Pres. Kircher, namely: Donald Hayner, Victor Kranitz W9idv, and Kendel Swartz W9nnv. These men were unanimously voted into the Club and roundly applauded.

Kircher read an Official Broadcast telling of the need of qualified amateur by Pan American Airways. For details see the Secy.

Mr. Art Wheeler, W9ysp, a visitor was introduced to the membership by John Sbratler and he spoke briefly to us.

There being no further business, Felber conducted the Club Raffle and the meeting was declared adjourned at 9:50 PM.

Respectfully submitted,

Reid H. Burrows Secy.
